

## **Oregon Mid Coast Implementation Ready TMDL Development**

**Helen:** TMDL Lead- - policy and technical lead coordination.

Note: Only TMDL links to CZARA Settlement Agreement are temperature and sediment listings, not bacteria.

**Rick:** 319 lead and 319 grant project officer

**Jayne:** CZARA project manager. Oversees compliance with CZARA settlement agreement tasks and deadlines for 319 purposes and CZARA approval. Contract management of TMDL dedicated funds for Mid-Coast TMDL. Note: CZARA full compliance can be achieved without mid-coast TMDL, i.e., if state changes forest practices rule. Also exploring 4b. Mid-coast TMDL is likely the best mechanism to achieve the changes to forest practices rule.

**Powers:** Technical support for TMDL and contract tasks as it relates to forestry. Strategic thinking of linking analysis to allocation process. Also historical support/context on settlement agreement- - knowledge of players, has key relationships. CZARA Settlement Agreement liaison with plaintiffs and managers.

**Alan:** TMDL team, utilize DEQ and local connections with an implementation focus.

**Jenny:** Oregon TMDL Coordinator; coordination role and information needs; TMDL peer review; PPA coordination and management. Lead in coordinating review of settlement agreement products that pertains to Oregon's overall TMDL development program.

**Croxton:** Manager role for issue elevation
